Santa Claus Is Great

Do you know Santa Claus? He is a man who gives presents to children on Christmas. He is a very kind man who is loved all over the world. And he is one of the most famous men in the world.

But recently, many people believe that he doesn't exist. They say that his existence is fiction. I am so sad to hear that because I believe that he exists. If he didn't exist, this world would be a very awful, bloody, and boring world. If he didn't exist, humans would be only animals which only live and only die.

His work is so important. He gives children presents. But he gives us a more important thing too. We call it happiness, love, pleasure, and memory. It doesn't have a shape. But we know what it is. And we know that it is indispensable for our life. So Santa Claus is indispensable for our good life.

You have to believe that there is a Santa Claus in order to make this world interesting. And we should always be grateful to him very much.
